

"Good News" in Tough Times

Referral opportunity adds \$2700 to your current monthly income

"When people unite behind a common cause, they can change things. Working together, we have the power to release ourselves from the bondage of life-long financial struggle. Some people want everything to be perfect before they're willing to commit themselves to anything, but commitment always precedes achievement. If you want to make a difference in your personal and financial life and in the lives of others, look into your heart first to see if you're really committed to doing what you must do to change things." *Danny Pollard.*

Hi, I'm Danny Pollard. Would you be willing to help others earn an extra paycheck every month? If yes, get excited! We have a plan that's been working since 1998 and you only have to find 3 people who'll participate. 73% of people say "not enough income is their most frustrating day-to-day struggle." Would you agree? We're helping teachable people overcome years of financial hardship due to low paying jobs, the rising cost of living and small thinking. Would you be interested in earning for yourself and others an extra \$2700 a month for starters? The hundreds of people I'm already working with say this program is exactly what they needed. When our desire for a better life is greater than our fears or skepticism about new ideas, we can begin making changes to improve our lives. We've already organized an army of courageous people who have chosen to break the mindset that contributes to paycheck-to-paycheck living. Anyone working everyday and struggling to pay bills, should at least think about joining us because working together gives us the leverage we need to get ahead and stay ahead. 2nd and 3rd jobs are not the answer to our money problems. Changing our thinking and getting involved in a referral business is the solution. Our goal is to help you add \$2700 a month to your current income. That's more than \$32,000 per year. The cost to join is \$25 per month plus a one-time \$10 start-up fee. Once you get enrolled, make copies of this flyer and start passing them out everywhere you go. We are surrounded by people who need help and you can find three who are ready to receive help just by passing out this flyer. Monthly commissions will begin for you as soon as you find just one person who'll join us. Listen to 6 minute message 212-990-6532. Then listen to live conference call evenings at 8:30 PM EST; dial 605-475-6900; pin 752007#. I'll be the presenter every Mon, Wed, Fri and Sat Evenings.

73% of working people say that not enough money is their most frustrating day-to-day struggle. The person below has decided to participate and recruit at least 3 friends who will join us. Will you be one of them? If your answer is yes...just let us know.

Call me to learn more 800-783-6580 or e-mail me at dannycpollard@yahoo.com. Call our corporate office when you're ready to get enrolled 800-798-0897 *Danny Pollard*

You Were Invited by Phyllis Mitchell

Phone# 773-416-2946

Referral ID# 21068

After you get enrolled, write your name and ID# on this flyer, make 500 copies and pass them out to people in your community. Your goal is to find just 3 people who will say yes... don't worry about those who say no.
